

EXPAND

- 👍 Seals, Bonds, Insulates, Weather Proofs, Dampens Sound
- 👍 Flame Retardant
- 👍 1" Thickness Yields R-5

INSULATION SEALANT FOR:

Boats	RV's
Air Conditioning	Refrigeration
Plumbing	Electrical
Carpentry	Seals out Radon Gas
	Deadens Sound

This expanding foam sealant is a one component moisture cure polyurethane foam which yields 220 lineal feet of 3/8 " bead.

When filling a cavity do not fill completely, foam will expand 2-3 times.

Dries tack free in 30 minutes, fully expands in one hour, and cures in 8-24 hours depending on humidity.

Cured foam can be trimmed with a sharp knife or sanding.

Cured foam exposed to sunlight must be covered with paint or stain.
