

"FIN SOLV"

Solvent Based Non-Flammable Coil Cleaner

A nonflammable portable aerosol with heavy flush spray, quickly cuts thru grease and lint to restore proper air flow and increase condenser efficiency.

Just spray on and watch it go to work. No need for water or messy clean up problems. Designed for hard-to-reach areas and small jobs where it is not economical to set up complex cleaning equipment. Leaves behind a fresh citrus fragrance.

FOR USE ON: Refrigerators, ice machines, vending machines, hand dryers, ventilators, radiators, air conditioning units (both wall and roof), etc.

For use in hospitals on refrigerated medicine and food units.

PREPARATION OF AREA

Place a piece of cardboard behind and underneath coil area being cleaned to collect grease and wet soil that is being blasted off.

DIRECTION FOR USE

Wipe surfaces free of lint. Spray product onto coils and watch grease and dirt drip into cardboard. Allow a few seconds to cut through grease then reapply. On stubborn areas brush fins between applications.

CAUTION

Contains: 1,1,1-trichloroethane (CAS# 71-55-6) Use only in a well ventilated area. Do not puncture or incinerate (burn) container. Do not expose to heat or store at temperatures above 120 degrees F.

WARNING: Contains 1,1,1-trichloroethane, a substance which harms public health and environment by destroying ozone in the upper atmosphere.

FIRST AID

EXCESSIVE INHALATION: Remove to fresh air and call a physician. *IF SWALLOWED:* Do not induce vomiting. Get medical attention. *IF EYE CONTACT:* Flush with water for 10 minutes, removing contact lenses, lifting upper and lower lids. Get medical attention.

KEEP OUT OF THE REACH OF CHILDREN
