

Mint Clean

Disinfectant Cleaner

A versatile, quaternary-based disinfectant cleaner designed to control bacterial growth and eliminate odor-causing microorganisms. Effectively kills a broad spectrum of gram-negative and gram-positive bacteria and leaves the area smelling mint fresh and clean. Neutral pH is ideal for a wide variety of applications.

- High Fragrance Levels
 - Neutral pH
- Kills Gram-Negative and Gram-Positive Bacteria
 - Kills E. Coli
 - Economical

APPLICATIONS *CONCENTRATED

Dilute 5 oz. per gallon of water

Recommended for majority of house keeping tasks including: cleaning, disinfecting and deodorizing.

AREAS OF UTILIZATION

- ◆ Universities
- ◆ Fitness Clubs
- ◆ Schools
- ◆ Manufacturing Facilities
- ◆ Health Facilities
- ◆ Institutions

DIRECTIONS

Always dilute product properly. It is a violation of federal laws to use this product in a manner inconsistent with its labeling. Dilute 1:25 (5 oz. per gal.) for general hard surface disinfection.

Pre-clean surface by flushing away gross soils and heavy buildup and remove suspended soils with a clean water rinse. Apply with cloth, mop or mechanical spray device. Surface must remain wet for 10 minutes.

For general cleaning and deodorizing dilute product properly in mop bucket. Apply using a clean cotton mop. Change solution often to avoid cross contamination.
