

Ox-Off

Acid Base Descaling Detergent

Description: A rapidly effective, low-odor, non-fuming, high sudsing, acid base detergent for a variety of cleaning and descaling operations. This concentrated product may be used undiluted for severe encrustation of scale, mineral deposits, alkaline matter, or diluted with water for economical removal of hard water formations, soap scum, corrosion, lime build-up, or mortar spatters. This unique formulation combines chemical strength of blended acids with the emulsification properties of high sudsing synthetic detergents. Cleans debris from brick and masonry surfaces, ceramic tile, mortar stone, and metallic surfaces other than aluminum or magnesium. This product is ideal for cleaning, degreasing, and providing a light etch to concrete floors. Water conditioners assist in film-free rinsing of cleaned surface.

Directions: For severe soil conditions, dilute product with equal parts of water. Light soil accumulations may be removed with a dilution of one part product to 3 parts water. Adjust dilution to most appropriate concentration. Apply to surface by mopping, spraying, brushing, or by immersion in solution. Allow surface to remain wet with solution for at least 5 minutes. Agitate if required for more even distribution of product. Rinse thoroughly with clear water and allow to dry. Repeat application procedure if necessary. NOTE: Protective goggles, gloves, boots and clothing should be used during product application for safety to personnel.

DANGER: Corrosive. Contains hydrochloric acid. Causes severe burns. Eye & skin irritant. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. Get prompt medical attention. If skin contact occurs, remove contaminated clothing. Wash with soap and warm water. If irritation persists, consult a physician. Harmful or fatal if swallowed. Do not take internally. If swallowed, do not induce vomiting. Contact a physician immediately. Do not mix with chlorine-type bleaches or other household chemicals. **KEEP OUT OF REACH OF CHILDREN.**

Container Disposal: Triple rinse container before discarding in accordance with state and local registrations.

Spill Or Leakage Procedures: Contain fluid by diking. Neutralize with soda ash or baking soda.

Product Specifications:

USDA Category: A3

Color: Light Blue

Odor: Sassafras

Appearance: Clear

pH: 1.0

Flash Point: None

Lbs./gal.: 9.0

Shelf Life: One year in a sealed container

HMIS RATING: Health-3; Flammability-0; Reactivity-1; Personal Protection-E.
