

# True Seal Blue

## SILICONE BLUE

Silicone Sealer Caulker - Adhesive

### DESCRIPTION

True Seal Blue silicone gasket maker is a single component room temperature vulcanizing silicone rubber. When applied as a formed-in-place gasket, it reacts with moisture in the air and cures to a rubber like product. True Seal Blue will adhere to clean metal, glass, most types of woods, silicone resin, vulcanized silicone rubber, ceramic, natural and synthetic fiber as well as painted and plastic surfaces.

### APPLICATION AND USES

True Seal Blue is the most commonly used silicone: It's universal and can be used on: oil pans, oil pumps, water pumps, thermostat housings, electrical motor housings, hose connections, gear boxes, valve covers, transmission pans, rocker covers, push rod covers, etc.

### PHYSICAL PROPERTIES

*Cure System:* Moisture from air.  
*Curetime:* Tack-Free in 15 minutes  
*Complete Cure:* 24 Hours, 1/8" thickness  
*Durometer Hardness, Shore A, Points:* 30  
*Tensile Strength:* 350 PSI  
*Elongation:* 500%  
*Shelf Life:* 1 Year From Manufactured Date

### BENEFITS

Life expectancy is in excess of 10 years  
Low Cost Gasket Making  
Good for 450 Degrees and Peaking at 500 Degrees  
Applicable to any shape or form  
No caulking gun needed
